

Healthy Pontiac, We Can!

## Partner Spotlight

### Rosana Hull

#### Team, Events, and Community Outreach Lead General Motors Global Propulsion Systems (GM GPS)

##### Description of Organization:

General Motors' Global Propulsion Systems facility is home to employees that focus on the design, engineering and development of engines, transmissions, hybrid and electric systems for GM vehicles worldwide.

##### What would you like to highlight about your organization?

GM believes in working to serve and improve the communities in which we live and work. Our employees are passionate in their support for the community of Pontiac with its rich tie into the history of the auto industry and GM. Our community outreach focus is STEM (science, technology, engineering and math) and civic/volunteer engagement.

##### What's the biggest benefit of being a part of HPWC?

Learning about the needs of the community and joining great organizations in volunteer projects throughout Pontiac.

##### What are you most proud of in Pontiac?

The people. Especially the passion and persistence to make a difference.

##### Favorite healthy meal?

Anything with seafood and fresh fruits.

##### Favorite exercise?

Running 5Ks, especially in the winter!

##### Three fun things about me:

1. I was born in Sao Paulo, Brazil.
2. I didn't start running until four years ago.
3. One winter my husband and I rode 3,000 miles on our snowmobiles.
